

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. (ME)	Indian Institute Of Technology, Patna	7.62	2023-Present
Senior Secondary	CBSE Board	93.2%	2023
Secondary	CBSE Board	97%	2021

EXPERIENCE

- **Tata Consultancy Services**

May 2026 - July 2026*

Tools:Python, PyTorch,CUDA,Mamba-SSM,Transformers

– Benchmarked **more than 7** open-source LLMs across Transformer and Mamba architectures using TTFT, latency, throughput, and response quality metrics.

– Developed a Python-based local **LLM inference pipeline** with Hugging Face, resolving CUDA, GPU compatibility, and dependency issues across multiple models.

– Evaluated Transformer vs. Mamba models, **achieving 45+ tokens/sec** with Nemotron-H-4B-Instruct and identifying deployment limitations of pure SSM architectures.

PROJECTS

- **FormGenAI- AI Powered Form Builder Platform**

Github

Tools:React.js, TypeScript, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, JWT,REST APIs

– Built an **AI-powered form builder** platform that converts natural language prompts into fully functional, **dynamic forms** using a large language model, eliminating manual form creation and improving productivity.

– Developed a scalable frontend architecture using React, TypeScript, and Vite with **dynamic form rendering**, client-side routing, light/dark themes, and responsive UI, improving user experience and maintainability.

– Implemented **secure form management** and response handling, including **JWT-based authentication**, role-based access (owner vs public users), form analytics, CSV export, and email notifications, backed by a RESTful Node.js ,Express API and MongoDB
- **Banking Dashboard**

Github

Tools: MySQL, Power BI, SQL, DAX

– Developed an end-to-end interactive **Banking Dashboard** using **Power BI**, extracting and processing data from a **MySQL database using SQL and DAX**.

– Executed comprehensive ETL pipelines and **Exploratory Data Analysis (EDA)** to clean raw financial data, reducing data redundancy by **25%** and accurately categorizing customer loan and deposit metrics

– Designed a **multi-page dashboard** with dedicated views (Home, Loan Analysis, Deposit Analysis) to visualize key insights, such as the strong correlation between customer account balances.

TECHNICAL SKILLS

- **Programming Languages:** C++, Python, JavaScript, SQL, HTML, CSS

• **Machine Learning / AI:** TensorFlow, PyTorch, OpenCV, Computer Vision, Deep Learning, CNNs, NLP

• **Web Technologies:** React.js, Node.js, Express.js, MERN Stack

• **Data Science & Libraries:** Pandas, NumPy,Scikit-learn, Matplotlib, OpenCV

• **Databases:** MongoDB, PostgreSQL

• **Developer Tools:** Git, GitHub, VS Code, Visual Studio, PyCharm, MATLAB, Jupyter Notebook, LaTeX

• **Relevant Coursework:** Data Science, Programming and Data Structures, Data Analytics and Machine Learning Tools for Engineers

ACHIEVEMENTS

- **National Finalist** in Tata Elxsi Teliport Season 3

• **Semifinalist** in Flipkart GRiD 7.0 Hackathon (2025)

• **Achieved highest rating of 1543** on LeetCode

• **Solved more than 400 questions** on multiple coding platforms

• **Ranked among the top 0.6%** of candidates in JEE Advanced 2023.

• **Achieved top 8** position out of 19 participating IIT's in Lawn Tennis in 57th Inter IIT Sports Meet 2024

POSITION OF RESPONSIBILITY

- **Coordinator**, Sponsorship and Marketing Committee, TEDxIITPatna 2025

Apr. 2025 - Sep. 2025

• **Coordinator**,Lawn Tennis , IIT Patna

Apr. 2025 - Present
